#### THE WORLD'S FAIR WAS A SUCCESS

Doctor Tracy Has Made Warm Friends In East Liverpool—He Brands the Liquor Traffic and All Aiders and Abettors. Warning Against Wild Oats.

Has Doctor Tracy demonstrated, while in East Liverpool, that he is, under God, working warmly in favor of a clean and pure life, and against the curse of the rum traffic and all grades and classes of intoxicants?

The NEWS REVIEW believes that he has. Why this belief? Because it is founded on earnest inquiries and careful examination. Because we have proof from the hands of a presiding elder of the Methodist Episcopal church. Because we have proof at the hands of a prominent business man of this city that Tracy's business life, when he was in East Liverpool seven years ago, was that of an honorable gentleman. Because every lie which the liquor traffic voiced about him when here before has been spotted and crushed and exposed to the light of truth, when the hideous things fled away to their master, in perdition. Because we have proof, from the hands of a prominent minister's home in this city, that Tracy, when here before, did a great work, did nothing dishonorable or untrue, and that the dealers in liquid damnation cursed him on every hand. Because, in private conversation with Doctor Tracy, the manager of the NEWS REVIEW has not known him to give expression to an unclean or vile or vicious thought; but, on the contrary, has heard him speak in warm terms of praise of every true minister of Christ, of every true Christian man, woman or child; of every feature which has for its main object the advancement of the kingdom of God here on earth and the uplifting of our common humanity. Doctor Tracy has no hatred, of a personal character, for the distiller, the brewer, the wholesale liquor dealer, the saloonkeeper or the barkeeper. Doctor Tracy has no maudlin sympathy, however, with the liquor dealer, engaged in the awful business in any capacity. But, just so soon as he gets out of the business, and adopts a business that is clean and right in the sight of God, then does Tracy echo the thought and wish that God will bless him.

Is Doctor Tracy "after the dimes and nickels," as is given expression to, in a sneering way, by men and women who should be ashamed of using it? Yes, Doctor Tracy is after the dimes and nickels. He needs them. In fact, must have them, in order to support his wife and children, pay his expenses and debts and be an honest man. He is after dimes and nickels on the same principle that the pottery worker, the laborer, the mechanic, the merchant, the business man, and even the ministers of the gospel, are after them. But the "love of money" is not the guiding star for Doctor Tracy. He is a redeemed man—redeemed by the mercy of God—and for 20 years has been battling, on the basis of Christian principle, against rum, sin and unclean life of every description, and the worst blows he has received, while fighting for humanity, have been those given him by professing Christians. And yet he does not recriminate, only at times crying out in agony, as he did last night from the platform:

"For God's sake, young men, don't sow wild oats. You may think the world will forgive you, but it will not. For twenty long years, ever since God forgave me, I have battled for the right and for truth—but the punishment is still following me for those misspent years."

Doctor Tracy, during his work at the opera house, had this to say of the liquor dealer and the Dow tax:

"I am a dealer in rum. I have acquired wealth and want to get out of the dirty, mean, accursed traffic. I say to my wife that we will quit it. Then we will have a fine and luxuriously fitted up home, will build great barns, will take life easy and enjoy our wealth. We are seated in our home and there comes a strange knocking at the doors and an awful feeling at my heart and in my brain, and then come the awful words: 'Thou fool—this night thy soul shall be required of thee.' Then an awful horror comes over me and I cry out in agony: 'My God, wife, I am dying, dying, dying!' I appear before the judgment bar of God, and as I approach the Judge, I cry out: 'Have mercy on me, oh God, have mercy on me. Here is my Dow tax. Here is my authority for selling liquor on earth. I was in a legal business,

so said the great state of Ohio; so said the people of East Liverpool. I was an honest man. I paid my debts. I paid my Dow tax to the collector when he came around. Oh, God, have mercy upon me."

By the way, two of the most prominent liquor dealers in East Liverpool, engaged in conversation with the manager of the NEWS REVIEW, said:

"Cap., it's the meanest business on God's earth, and the only reason that we have for engaging therein, is for the money that is in it."

#### Last Night's Meeting.

The opera house was literally packed last night, with very many ladies and gentlemen standing, and very many unable to gain admission. The magnificence of the entrance to the World's Fair was intensely interesting. The reflection of the entrance to the transportation building was simply superb, and recalled, in the minds of very many present, the beautiful sight given at the great fair. It was a splendid stereopticon treat all the way through, and was the subject of general commendation.

We understand that Doctor Tracy is being earnestly urged to give a return date at an early day, when he proposes lecturing for 30 minutes on the curse of the liquor traffic, commencing promptly at 7:45, and closing at 8:15. Then, pledge signing will take place for 20 minutes, accompanied by the tying on of the red ribbons, Christian women attending to this duty, and at 8:35 an entirely new entertainment will be placed on the canvas, consisting of magnificence and a series of stereopticon and dissolving views will follow, representing Niagara Falls, in all its wonderful beauty, from different points of vantage and at different seasons of the year. Doctor Tracy may possibly return in the near future, although no definite arrangements have been made to this effect. He will receive a royal welcome, as he has demonstrated that he loves our common humanity, and is working under Providence, in the interest thereof.

Doctor Tracy has just received word that he has been engaged by the Woman's Christian Temperance union of Allegheny county, to appear in Carnegie hall in the near future.

#### NO MONEY.

But Secretary Davies Would Like to See the Line Extended.

A. J. Davies, of Cleveland, secretary of the electric street railway, dropped into the city for a few hours yesterday afternoon, and looked over the line. When asked by a reporter if the company intended making the extension east from the loop in East End, he replied:

"I believe it should be done, but as the company have no money, I can't see how the extension can be made."

The secretary had little to say about the pending damage suits, and said that Judge Blandin, of Cleveland, would be in Lisbon next week to represent the company. Since his last visit to the city Secretary Davies was married.

#### FOR JOHN KIRCHNER

A Petition Will Be Presented to the Board of Pardoners.

The board of pardoners will meet in Columbus tomorrow, and the petition asking the release of John Kirchner from the penitentiary will be presented. Kirchner, while under the influence of liquor, shot his wife last summer, and was sentenced to serve two years. Since his confinement the man has shown signs of breaking down, and as he has been an exemplary prisoner, the board is urged to free him. The petition bears the names of many of the most prominent citizens and officials of the county. Colonel Hill, Kirchner's attorney, believes the move will be successful.

#### WANT TO COME BACK.

Swedish Quartet Have Asked For a Return Date.

After the Swedish quartet had opened the Association auditorium the assertion was made that they did not like the room, saying it was not a good place in which to sing. The statement was without foundation, as the singers spoke in the highest terms of the hall. Yesterday Secretary Morris had a letter from the manager asking if they could have the hall for a concert, to be given on their own responsibility, next month.

#### GRANDMOTHER WORICK ILL.

An Aged Inmate of the Young Women's Home.

Grandmother Worick, an aged inmate of the young women's home, is very ill, and it is feared she cannot recover. She has been living at the home for a year, and has by her sweet disposition endeared herself to all who know her. Recently she contracted a severe cold, and she grew steadily worse. Mrs. Worick has a number of relatives living in the county. She is 75 years old.

#### CHANGED HER MIND.

Mrs. Dawson Decided Not to Go to the Infirmary.

This morning Mrs. Ann Dawson, mother of Mrs. Patrick O'Rourke, appeared at the trustees' office and asked to be sent to the infirmary, saying that she would not stand the abuse of Patrick. The necessary papers were made out, and everything made ready to send her this afternoon. Shortly after dinner she appeared, accompanied by her daughter, who begged piteously that her mother be allowed to remain in the city, promising to make information against Patrick for non-support and cruelty. Trustee Boardman refused to grant the request, and the two women shed tears. Trustees Lloyd and Albright then came in, and all preparations were completed when it was discovered Mrs. Dawson had departed by the back door having changed her mind when Mrs. O'Rourke was talking to Trustee Boardman. Diligent search was made for the woman, but she was nowhere to be found. The trustees declare they will not keep the family, and it is probable the departure has only been postponed.

#### FOOLED THEM.

A Country Boy Refused to Make Sport For Others.

Last evening a number of employees of a river pottery decided to go to pasture a young man who came from the country. They accordingly took him a good distance from the city, but when the appointed time came for him to run he didn't move, but pulling out a revolver ordered the young men to march, and they were brought back to the city at the point of a revolver. When they arrived here the green hand gave them the lecture they deserved.

#### HER ASSISTANTS.

Noble Grand Mrs. Chisholm Made Some Appointments.

Noble Grand Mrs. William Chisholm, of the Robeckahs, at their last meeting, appointed the following officers: Right supporter, G. H. Owen; left supporter, Mrs. J. E. Anderson; warden, Miss Nellie Chisholm; conductor, Mrs. George Kauffman; chaplain, Mrs. Hannah Bloor; inside sentinel, Mrs. Blakely; outside sentinel, Herbert Johnson; right supporter to vice grand, Miss Gertie Pauley; left supporter to vice grand, Mrs. Robotham.

#### GIVEN A CLOCK.

Epworthians Did Not Forget Reverend Salmon's Anniversary.

The Epworth league of the Second M. E. church called at the parsonage and presented Reverend Salmon with a handsome china clock as a birthday gift. H. E. Hall made the address, to which Reverend Salmon made fitting response. The evening was given up to enjoyment. Vocal and instrumental selections were rendered. Mrs. Salmon gave a reading that was highly appreciated.

#### A LITTLE FIRE

Gave the Department Some Exercise This Morning.

The shanty and derrick at the gas well at the foot of Second street caught fire this morning in some mysterious manner, and an alarm was turned in. The department responded, but before they arrived the blaze had been extinguished by a few buckets of water. The place would be unusually dangerous for a fire, as lumber is piled on all sides of the well.

#### AN ANNIVERSARY.

Mr. and Mrs. Fraser Pleasantly Observed Their Fifteenth.

Alex Fraser and wife last evening celebrated the fifteenth anniversary of their wedding at their pleasant home on Lisbon street. A large number of their friends were present, and an enjoyable evening was spent in music and games. At midnight the guests sat down to an elegant repast. Mr. and Mrs. Fraser were the recipients of many handsome presents.

#### THEY PULLED HAIR.

Two Pretty Decorators Fought Over a Young Man.

The decorators in an uptown pottery witnessed a spirited hair pulling contest late yesterday. Two young girls employed in the shop became involved in a dispute over a young man, and before the other decorators knew what was happening they were pulling each others' hair and doing their best to scratch. They were promptly separated.

### THEY PLAYED POLICY

But Chief Johnson and Officer Tony Bertele

#### QUICKLY STOPPED THE GAME

Mayor Gilbert Gave James Larkins \$25 and Costs and the Others Got \$9.60 Each. A Wheeling Man Caught—The Others Are Residents of the City.

Chief Johnson and Officer Bertele raided a party of gamblers at the National House last evening, and Mayor Gilbert was busy dealing out justice this morning.

The crowd were comfortably seated in the office of the hotel when the officers walked in on them. For a moment there was consternation, but Chief Johnson quietly told them the game must end without hesitation, and they must call on the mayor at their earliest opportunity. The game was conducted by James Larkins, and when he put in his appearance this morning he could not deny the charge. Mayor Gilbert assessed him \$25 and costs, and warned him that gambling must end. Charles Hutchinson, proprietor of the hotel, got \$9.60, and paid it, as did William Anderson, a Wheeling man, who was in the game. The other names given are T. M. Bradley, Ed Zollinger, Benjamin Twaddle, Charles Davis, Joseph Wilkinson, James Newman and Joseph Bradly.

The gamblers were playing at policy when the police appeared, and it is believed to be the game of which so much has been said within the past few months. The announcement of a local paper that the game had died several weeks ago only made the police more anxious to locate it.

#### MAY TRY IT.

Avondale People Want to Know About Their Fire Protection.

Residents of Avondale street are again raising the question whether it would be possible for the fire department to make a run up the hill. They agree the apparatus could be taken up, but whether the department could reach the head of the street before a building burned to the ground is the question. It is probable a false alarm will be turned in for the purpose of finding the time required by the company in making the run.

#### A ROW AT ACHOR

Resulted in the Arrest of Two Belligerent Brothers.

Lisbon, Jan. 14.—[Special.]—Officers this morning brought Emory and Webster Fredler to the Lisbon jail, where they will remain until the grand jury decides whether they are guilty of assault with intent to kill. Last Sunday morning the boys went to the house of John T. Ward, near Achor, and a general fight ensued. One of the prisoners is suffering from a crushed and broken hand.

#### WANT A NEW SCHOOL.

Gardendale People Are Preparing a Petition.

A petition will be presented to the board of education in the spring, asking that the Gardendale school be enlarged. The population of this portion of the city is increasing so that additional school accommodations are necessary. The petition will also embody the request that a higher grade be established.

#### Helping a Minister.

Reverend Salmon, of East End, will assist Rev. C. W. Smith, of Poland, next week in a series of evangelical meetings to be held at that place. Reverend Salmon will return in time to conduct services here on Sunday.

#### Will Wait Awhile.

The pastorate of the Presbyterian chapel in West End, made vacant by the resignation of Rev. W. E. Sloane, will not be filled for some time. The trustees so decided at a recent meeting.

#### Revival Services.

Revival meetings conducted by the pastor, Reverend Carson, are being held at the African Methodist Episcopal church this week. Four conversions have already resulted.

#### Lorena Tied Up.

The Bedford is due up today and the Ben Hur will pass down this evening. The Lorena is laid up at a point on the Maskingum until the river is free from ice.

#### Early Next Week.

The decorating department of the Laughlin pottery is being equipped with the sprinkler system. The work will be completed early next week.

Officer Warren, of Wellsville, last evening brought Harry Fogo to the Lisbon jail to await the action of next week's grand jury on a charge of larceny. This makes but five prisoners who are to be considered by the jury.

Harry Garthwaite and Edward Scally, Leetonia, charged with larceny; J. T. Jackson, Hanover, burglary; Charles Feastine, Lisbon, assaulting an officer.

Auditor Harvey's records show that six railroads pass through the county, and are appraised at \$2,542,290, and in December paid personal taxes into the treasury to the amount of \$22,193.06.

#### CHANGED HER MIND.

Mrs. Dawson Decided Not to Go to the Infirmary.

This morning Mrs. Ann Dawson, mother of Mrs. Patrick O'Rourke, appeared at the trustees' office and asked to be sent to the infirmary, saying that she would not stand the abuse of Patrick. The necessary papers were made out, and everything made ready to send her this afternoon. Shortly after dinner she appeared, accompanied by her daughter, who begged piteously that her mother be allowed to remain in the city, promising to make information against Patrick for non-support and cruelty. Trustee Boardmore refused to grant the request, and the two women shed tears. Trustees Lloyd and Albright then came in, and all preparations were completed when it was discovered Mrs. Dawson had departed by the back door having changed her mind when Mrs. O'Rourke was talking to Trustee Boardmore. Diligent search was made for the woman, but she was nowhere to be found. The trustees declare they will not keep the family, and it is probable the departure has only been postponed.

#### FOOLED THEM.

A Country Boy Refused to Make Sport For Others.

Last evening a number of employees of a river pottery decided to goseapasture a young man who came from the country. They accordingly took him a good distance from the city, but when the appointed time came for him to run he didn't move, but pulling out a revolver ordered the young men to march, and they were brought back to the city at the point of a revolver. When they arrived here the green hand gave them the lecture they deserved.

#### HER ASSISTANTS.

Noble Grand Mrs. Chisholm Made Some Appointments.

Noble Grand Mrs. William Chisholm, of the Rebeckahs, at their last meeting, appointed the following officers: Right supporter, G. H. Owen; left supporter, Mrs. J. E. Anderson; warden, Miss Nellie Chisholm; conductor, Mrs. George Kauffman; chaplain, Mrs. Hannah Bloor; inside sentinel, Mrs. Blakely; outside sentinel, Herbert Johnson; right supporter to vice grand, Miss Gertie Paulley; left supporter to vice grand, Mrs. Robotham.

#### GIVEN A CLOCK.

Epworthians Did Not Forget Reverend Salmon's Anniversary.

The Epworth league of the Second M. E. church called at the parsonage and presented Reverend Salmon with a handsome china clock as a birthday gift. H. E. Hall made the address, to which Reverend Salmon made fitting response. The evening was given up to enjoyment. Vocal and instrumental selections were rendered. Mrs. Salmon gave a reading that was highly appreciated.

#### A LITTLE FIRE

Gave the Department Some Exercise This Morning.

The shanty and derrick at the gas well at the foot of Second street caught fire this morning in some mysterious manner, and an alarm was turned in. The department responded, but before they arrived the blaze had been extinguished by a few buckets of water. The place would be unusually dangerous for a fire, as lumber is piled on all sides of the well.

#### AN ANNIVERSARY.

Mr. and Mrs. Fraser Pleasantly Observed Their Fifteenth.

Alex Fraser and wife last evening celebrated the fifteenth anniversary of their wedding at their pleasant home on Lisbon street. A large number of their friends were present, and an enjoyable evening was spent in music and games. At midnight the guests sat down to an elegant repast. Mr. and Mrs. Fraser were the recipients of many handsome presents.

#### THEY PULLED HAIR.

Two Pretty Decorators Fought Over a Young Man.

The decorators in an uptown pottery witnessed a spirited hair pulling contest late yesterday. Two young girls employed in the shop became involved in a dispute over a young man, and before the other decorators knew what was happening they were pulling each others' hair and doing their best to scratch. They were promptly separated.

### THEY PLAYED POLICY

But Chief Johnson and Officer Tony Bertele

#### QUICKLY STOPPED THE GAME

Mayor Gilbert Gave James Larkins \$25 and Costs and the Others Got \$9.60 Each. A Wheeling Man Caught—The Others Are Residents of the City.

Chief Johnson and Officer Bertele raided a party of gamblers at the National House last evening, and Mayor Gilbert was busy dealing out justice this morning.

The crowd were comfortably seated in the office of the hotel when the officers walked in on them. For a moment there was consternation, but Chief Johnson quietly told them the game must end without hesitation, and they must call on the mayor at their earliest opportunity. The game was conducted by James Larkins, and when he put in his appearance this morning he could not deny the charge. Mayor Gilbert assessed him \$25 and costs, and warned him that gambling must end. Charles Hutchinson, proprietor of the hotel, got \$9.60, and paid it, as did William Anderson, a Wheeling man, who was in the game. The other names given are T. M. Bradley, Ed Zollinger, Benjamin Twaddle, Charles Davis, Joseph Wilkinson, James Newman and Joseph Bradley.

The gamblers were playing at policy when the police appeared, and it is believed to be the game of which so much has been said within the past few months. The announcement of a local paper that the game had died several weeks ago only made the police more anxious to locate it.

#### MAY TRY IT.

Avondale People Want to Know About Their Fire Protection.

Residents of Avondale street are again raising the question whether it would be possible for the fire department to make a run up the hill. They agree the apparatus could be taken up, but whether the department could reach the head of the street before a building burned to the ground is the question. It is probable a false alarm will be turned in for the purpose of finding the time required by the company in making the run.

#### A ROW AT ACHOR

Resulted in the Arrest of Two Belligerent Brothers.

Lisbon, Jan. 14.—[Special.]—Officers this morning brought Emory and Webster Fredler to the Lisbon jail, where they will remain until the grand jury decides whether they are guilty of assault with intent to kill. Last Sunday morning the boys went to the house of John T. Ward, near Achor, and a general fight ensued. One of the prisoners is suffering from a crushed and broken hand.

EAST LIVERPOOL, O., THURSDAY, JAN. 14.

The Garfield law is having its effect in this county. The spring campaign is not opening with the usual spirit and stir.

The delegate who didn't go to the Indianapolis convention with a perfect system of finance is scarcely worthy the name.

And now they say the sly Yankee of the Orient is only waiting an opportunity to seize the possessions of Spain in the east. In this he has out Yanked his Yankee brother.

It will be interesting after awhile to know what disposition Editor Potts and his crowd will make of the gold Democrats, whom they sat upon so hard during the last campaign.

COXEY continues in the hardest kind of luck. No sooner had the commonwealer gone to St. Louis for the purpose of organizing a new party than the employees of his stone quarry struck for back pay.

CHARLES EMORY SMITH, who the correspondents say has been offered a cabinet position by Major McKinley, is well known to a number of people in this city. During the campaign two years ago he spoke to one of the largest crowds ever gathered in the rink.

It is a matter of comment in Washington that the Democrats are dispirited and downtrodden. Well, who wouldn't be in the circumstances? Silver gone glimmering, free trade on its last legs, and even recognition of Cuban independence a glimmering nothing.

It is not hard to believe the published story that friends of Hon. John Sherman are preparing to fight for his re-election to the senate if he does not take a cabinet position. The great financier has thousands of admirers in Ohio, who think he would be out of his element if anywhere but in the senate.

REPRESENTATIVE NEWLANDS, of Nevada, feels very certain the silver Republicans of the senate will not oppose the new tariff law. He sensibly remarks that because other members of the party are, from their standpoint, wrong on the currency question is no reason why they should go wrong on the tariff.

## ECONOMY.

For a reason which does not appear on the surface, a wave of sentiment favoring economy in the use of public moneys, is sweeping over the country. A good many governors inaugurated since the first of the year have had much to say of it, and having deprived it of some time worn and demagogic expressions, they leave the impression that they are this time in earnest. This is commendable in the extreme, and it is hoped in all sincerity that the coming year will see a radical change on this line. Millions upon millions of the taxpayers' money have been wasted. It is time some thought of true economy was finding a place in our system of government.

## HELP THE CAUSE.

If the officers of the Alcania Tin & Terne company are business men who mean business, it is plainly the duty of East Liverpool to exhaust every resource in the endeavor to have them locate their plant in this city. Should they be honestly anxious to shake the dust of Youngstown from their feet this place can offer sufficient inducements to make it the successful bidder.

Fuel is cheap and the best in the world. It is true we have only one railroad, but that should not work against the project. Within a few years the river will afford transportation facilities against which no railroad could hope to compete successfully. The prosperity of the next few years can not fail to so build up this portion of the Ohio valley as to tempt great railroad corporations to seek an entrance. They have long looked with jealous eyes upon the

monopoly enjoyed by the Pennsylvania company, and it is only the matter of a few years at best until another road is taking freight from this territory.

The Youngstown manufacturers can do no better than come to East Liverpool, and if this place is awake to its own interests it will not miss this opportunity to install the iron industry here. A little enterprise, a pull altogether will do the work.

## SAT FOR A PORTRAIT.

The Pittsburg Library to Have a Picture of Major McKinley.

CANTON, O., Jan. 14.—Major McKinley yielded a portion of Wednesday to Artist Chantren, who is making a portrait of the president-elect for the Carnegie library of Pittsburg.

Major McKinley has received a visit from Colonel Howard Biddle, Porter of Philadelphia. Colonel Porter is not here on any political mission, but to extend an invitation from the state of Pennsylvania and city of Philadelphia to attend the unveiling of the Washington monument, which stands at the entrance to Fairmount park, in the City of Brotherly Love. Colonel Porter bore letters from Governor D. H. Hastings of the Keystone state and the mayor of Philadelphia, inviting Major McKinley to be present.

## TORTURED A GIRL.

Robbers Thought She Knew the Hiding Place of Money.

CLEVELAND, Jan. 14.—Three masked robbers went to the home of David Culbertson, a wealthy farmer, 75 years old, living near Wadsworth, O. One leveled a revolver at the heads of the terrified farmer and his wife and daughter. The intruders demanded money. Mr. Culbertson gave them \$25, all he had in the house, and a check for \$50.

The robbers had an idea that a large sum was concealed in the house and they proceeded to pull off Miss Culbertson's clothes, and with irons heated at the stove, they burned and tortured her in a terrible manner in the hope of drawing from her the supposed hiding place of the money. She finally fainted and the robbers left.

## Forty Farmers Organize.

COLUMBUS, Jan. 14.—Forty farmers' clubs effected a state organization here. The officers elected are: President, C. E. Thorn, director of the Ohio experimental station; vice president, J. T. Robinson, Seneca county; secretary, E. E. Elliott, Preble county; directors, J. J. Hoffman, Sydney; Walter Thibault, Warren county; C. T. Dyer, Marietta; M. Bonham, Oxford; H. S. Baker, Reedsburg; John Boggs, Franklin county. The next meeting will be held in Columbus the week of the agricultural convention in January.

## Hotel Destroyed by Fire.

CLEVELAND, Jan. 14.—The Irving hotel, the largest building in Chagrin Falls, a suburb of this city, has been destroyed by fire. The Irving was built 30 years ago and remodeled a year ago. The building was owned and managed by I. W. Pope. The loss is placed at \$200,000. Negotiations were about completed by Cleveland investors for the purchase of the hotel.

## Ten Assignments in Two Days.

CINCINNATI, Jan. 14.—Wolf & Co., dealers in iron and blacksmith's supplies, on Central avenue have assigned. The assets are \$40,000, and liabilities are believed to be a trifle less. There were no preferences. The cause is the loss by death of a financial backer. Four other concerns assigned, all small, making ten assignments in two days.

## Coxey's Men on a Strike.

MASSILLON, O., Jan. 14.—While General Coxey is organizing his new party at St. Louis, his stonequarrymen are striking and refusing to work, unless they are paid wages now some weeks due. The leaders of the strike have been discharged and there is hope that the trouble may be bridged over until the return of Mr. Coxey.

## Death of a Giantess.

WINCHESTER, O., Jan. 14.—Mrs. Ellen Broadstone, aged 80, has died on a farm near here. She was nearly 7 feet in height and weighed about 300 pounds. During her sickness it required four men to lift her. The undertakers here were unable to furnish a burial casket large enough and one was ordered from Cincinnati.

# GLASS ON THE TREATY

Senators Magnifying Olney's Document For Inspection.

## MONROE DOCTRINE ENDANGERED.

Our Traditional Policy Might Be Turned Down If We Were Compelled to Arbitrate It With England—Interference In Cuba Might Also Be Prevented.

WASHINGTON, Jan. 14.—There has been more or less discussion concerning the arbitration treaty negotiated by Secretary Olney and Sir Julian Pauncefote and some speculation as to its ratification. A member of the committee on foreign relations stated that the subject was so vast that it was necessary to give the matter very close consideration. He said that one phase might be instanced:

At present there might not be anything in view to arbitrate, yet after general arbitration had been agreed upon any number of unknown cases might be presented by one of the parties and numerous claims presented which were unheard of might be brought forward.

These unknown quantities might be a serious objection to making any definite agreement.

Senator White (Cal.) says that he would support the treaty, if at all, because it was for a short period and was largely experimental. It might be that the experiment would prove successful, but he feared that in every contention that would arise some new principle might arise which it might not be good policy to submit to the tribunal proposed in the treaty. He said some questions relating to the Monroe doctrine might arise and that question the United States would not care to submit to arbitration. Another case instanced by a senator who has given the subject some thought was Cuba. Under certain conditions, the United States might desire to take action regarding the island, and assert the Monroe doctrine. The European powers, Great Britain included, might dispute the right of the United States under Monroe or any other doctrine to interfere and the matter, so far as Great Britain was concerned, must go to arbitration.

Reference was also made to the Monroe doctrine resolutions now pending in the senate, in which the declaration was made that the United States reserved the right to decide when the doctrine applied.

The discussion indicated that the treaty would require long consideration and the opinion was expressed that it might be ratified through influence of the peace societies and kindred organizations who felt that such a treaty might prevent war in the future.

## FRANCIS WILL BE CONFIRMED.

However Senator Vest and Others Will Vote Against Him.

WASHINGTON, Jan. 14.—The senate in executive session had up for a time the nomination of David R. Francis to be secretary of the interior, but no action was taken. Senator Vest (Mo.) was the principal opponent of confirmation, but he was also seconded by Senator Pugh (Ala.). Both of these senators made speeches against the confirmation and alleged various reasons against it. Among others the conduct of Secretary Francis during the campaign. Senator Vest referred to the letter which Secretary Francis wrote supporting the Indianapolis ticket and opposing the regular Democratic ticket nominated at Chicago.

Several senators announced their intention of voting for the confirmation of Secretary Francis and the prospects of his confirmation are good, in fact it is stated that only a few votes will be cast in opposition.

Senator White (Cal.) said that while he did not approve of the course of Secretary Francis during the campaign he would vote for his confirmation. Both Democratic and Republican senators who are silver men stated that they would vote for confirmation and that it was a foregone conclusion that when the vote was taken the secretary will be confirmed.

## TO GIVE A CLEAR TITLE.

The Government May Allow Suit For Foreclosure on Pacific Route.

WASHINGTON, Jan. 14.—Although no one in authority here who is cognizant of the facts is willing to discuss the question of what action the government is likely to take with respect of the Pacific railroad settlement, it is believed that a project is on foot among the members of the reorganization committee in New York looking to a guarantee to the government of a stated amount of its claim against the roads, provided the government will join in its pending suit. The belief in this theory is strengthened by a paragraph in the last annual report of the attorney general, in which he says:

"I think that unless the pending funding bill be passed and accepted the government should endeavor to secure terms for its appearance in court in the way of an assurance of such a bid on the property in case of a judicial sale as will secure to it a fair realization of the value of its lien."

It has been known ever since the suits of the first lien holders were begun that they have made every effort to secure the appearance of the government. In no other way could they be in a position to give a complete and unclouded title to the purchaser at the foreclosure sale.

## Ignored Olney's Suggestion.

WASHINGTON, Jan. 14.—Secretary Olney was defeated at every point by the senate in executive session when that body refused to consider its action on the Argentine and Orange Free State extradition treaties and would not consider the suggestion which he made. The treaties as amended by the senate will stand.

## A Congressman Sued.

WASHINGTON, Jan. 14.—Representative David E. Walters of New York has been sued in the equity branch of the district supreme court for attorney and the support of his child, Edith by Mrs. Myra C. Wilbur.

## NEW MOVE BY ARBUCKLES.

A Receiver Asked For the Woolson Company at Toledo.

TOLEDO, Jan. 14.—The Arbuckles have applied for a receiver for the Woolson company's plant. They also ask that the company be enjoined from registering the sale of 1,739 shares of stock and that the company be further restrained from selling coffee at the present price. The Arbuckles also ask that the present directors be restrained from acting as directors until the matter is determined by the courts. The motion for a receiver will be argued tomorrow.

In their petition the minority (Arbuckle) stockholders make the remarkable statement that finding the coffee business to be making little or no profit, they decided to enter into the business of refining sugar, and that for such purpose they constructed a plant in Brooklyn. The sugar trust thereupon entered into an arrangement to purchase the Woolson Spice company, with the intention of destroying the coffee business of the firm of Arbuckle Bros., and also to effect a monopoly of the sugar business.

The court is asked to require the trust and the Woolson directors to pay into the Woolson Spice company treasury any loss that may have accrued by the recent cut in coffee.

## SHERMAN ACCEPTS.

Authoritative Confirmation of the Fact That He Will Be the Next Secretary of State—Chairman Hanna to Succeed Him in the Senate.

WASHINGTON, Jan. 14.—Your correspondent is able to positively announce that Mr. McKinley has tendered the state portfolio to Senator John Sherman of Ohio and that the distinguished Buckeye statesman has accepted and will be the premier of the incoming administration.

Mr. Sherman's term as senator would expire two years hence, March 4, 1899. The vacancy created by Mr. Sherman's retirement will be filled by appointment by Governor Bushnell pending the assembling of the Ohio legislature in January, 1898. It is understood that the old war in Ohio between the Sherman and Foraker factions has ceased and that complete harmony has been restored among the leaders. This carries with it the strong implication that Governor Bushnell will appoint Mr. Hanna to the vacancy in the senate when Mr. Sherman steps out to assume the grave responsibilities connected with the head of the department of state. Senator Sherman declines to make any statement relative to the important announcement, but this in no wise militates against its authenticity.

It is significant in connection with the knowledge that Mr. Sherman will be secretary of state, that General R. A. Alger of Michigan, while here a few days ago had a conference with the Ohio senator at which it is understood all their past differences were adjusted and reconciled. This strength is the belief that General Alger is also to be a member of Mr. McKinley's cabinet, the post he is to fill being that of Secretary of war. Reports, however, also persistently associate the name of Senator Hawley of Connecticut with this portfolio.

## SHERMAN IS SILENT.

Newspapers Can Say What They Please About His Being Premier.

WASHINGTON, Jan. 14.—Senator Sherman has refused to discuss the report that he would be secretary of state in the McKinley cabinet, remarking when the dispatch was read to him making announcement of his selection: "The newspapers can indulge in whatever conjectures they see fit; I have nothing to say."

Other senators profess to know nothing of the probabilities as to whether the Ohio senator will be tendered or will accept the state portfolio, but the impression is quite general among them that he can have the office if he is disposed to accept it.

A MONEY COMMISSION.

The Indianapolis Conference Decides For One.

WILL SUGGEST SOME LEGISLATION.

If the Members Are Unable to Get Any Bills Through Congress Another Convention Will Be Called—Some Resolutions Adopted.

INDIANAPOLIS, Jan. 14.—The monetary convention adjourned after adopting a series of resolutions, saying in part:

This convention declares that it has become absolutely necessary that a consistent, straightforward and deliberately planned monetary system shall be inaugurated, the fundamental basis of which should be:

First, that the present gold standard should be maintained; second, that steps should be taken to insure the ultimate retirement of all classes of United States notes by a gradual and steady process and so as to avoid injurious contraction of the currency or disturbance of the business interests of the country and that until such retirement provision should be made for a separation of the revenue and note issue departments of treasury. Third, that a banking system be provided which should furnish credit facilities to every portion of the country and a safe and elastic circulation and especially with a view of securing such a distribution of the loanable capital of the country as will tend to equalize the rates of interest in all parts thereof.

Fifteen members shall be appointed by the chairman to act as an executive committee while the convention is not in session, with full powers of the convention, which may be increased to 45.

It shall be the duty of this executive committee to endeavor to procure at the special session of congress, which it is understood will be called in March next, legislation calling for the appointment of a monetary commission by the president to consider the entire question and report to congress at the earliest day possible.

Or, failing to secure the above legislation, they are hereby authorized and empowered to select a commission of 11 members.

The first meeting of the commission is to be called by the executive committee. The commission is to make a thorough investigation of the monetary affairs and needs of this country and to make appropriate suggestions as to any evils found to exist and the remedies therefor. Expenses are to be made by money set aside by the executive committee made up from voluntary contributions.

When the labors of this commission have been completed as far as practicable the executive committee, if it deem it advisable, shall issue a call to bring this convention together again, and at the meeting so convened the commission shall make report of its doings and suggestions, and if legislation is deemed impossible, shall accompany such report with a draft of such bill or bills providing for such legislation.

One of the chief events of the session was the speech of Congressman Fowler

THE GARFIELD LAW IS HAVING ITS EFFECT

in this county. The spring campaign is

not opening with the usual spirit and

str.

THE delegate who didn't go to the In-

dianapolis convention with a perfect

system of finance is scarcely worthy

the name.

AND now they say the sly Yankee of

the Orient is only waiting an opportunity

to seize the possessions of Spain in

the east. In this he has out Yanked

his Yankee brother.

IT will be interesting after awhile to

know what disposition Editor Potts and

his crowd will make of the gold Demo-

crats, whom they sat upon so hard

during the last campaign.

COXEY continues in the hardest kind

of luck. No sooner had the common-

wealthers gone to St. Louis for the purpose

of organizing a new party than the em-

ployees of his stone quarry struck for

back pay.

CHARLES EMORY SMITH, who the

correspondents say has been offered a

cabinet position by Major McKinley, is

well known to a number of people in

this city. During the campaign two

years ago he spoke to one of the largest

crowds ever gathered in the rink.

IT is a matter of comment in Wash-

ington that the Democrats are dispirited

and downtrodden. Well, who wouldn't

be in the circumstances? Silver gone

glimmering, free trade on its last legs,

and even recognition of Cuban inde-

pendence a glimmering nothing.

IT is not hard to believe the published

story that friends of Hon. John Sherman

are preparing to fight for his re-election

to the senate if he does not take a cabinet

position. The great financier has thousands

of admirers in Ohio, who think he

would be out of his element if anywhere

but in the senate.

REPRESENTATIVE NEWLANDS, of Ne-

vada, feels very certain the silver Re-

publicans of the senate will not oppose

the new tariff law. He sensibly remarks

that because other members of the party

are, from their standpoint, wrong on

the currency question is no reason why

they should go wrong on the tariff.

ECONOMY.

For a reason which does not appear on

the surface, a wave of sentiment favor-

ing economy in the use of public moneys,

is sweeping over the country. A good

many governors inaugurated since the

first of the year have had much to say

of it, and having deprived it of some

time worn and demagogic expressions,

they leave the impression that they are

this time in earnest. This is commend-

able in the extreme, and it is hoped in

all sincerity that the coming year will

see a radical change on this line. Millions

upon millions of the taxpayers' money

have been wasted. It is time some

thought of true economy was finding a

place in our system of government.

HELP THE CAUSE.

If the officers of the Alcania Tin &

company, and it is only the matter of a

few years at best until another road is

taking freight from this territory.

The Youngstown manufacturers can

do no better than come to East Liver-

pool, and if this place is awake to its

own interests it will not miss this op-

portunity to install the iron industry

here. A little enterprise, a pull to-

gether will do the work.

SAT FOR A PORTRAIT.

The Pittsburgh Library to Have a Picture

of Major McKinley.

CANTON, O., Jan. 14.—Major McKin-

ley yielded a portion of Wednesday to

Artist Chartran, who is making a por-

trait of the president-elect for the Car-

negie library of Pittsburgh.

Major McKinley has received a visit

from Colonel Howard Biddle Porter of

Philadelphia. Colonel Porter is not

here on any political mission, but to

extend an invitation from the state of

Pennsylvania and city of Philadelphia

to attend the unveiling of the Wash-

ington monument, which stands at the

entrance to Fairmount park, in the

city of Brotherly Love. Colonel

Porter bore letters from Governor D. H.

Hastings of the Keystone state and the

mayor of Philadelphia, inviting Major

McKinley to be present.

TORTURED A GIRL.

Robbers Thought She Knew the Hiding

Place of Money.

CLEVELAND, Jan. 14.—Three masked

robbers went to the home of David Cul-

bertson, a wealthy farmer, 75 years old,

living near Wadsworth, O. One leveled

a revolver at the heads of the terrified

farmer and his wife and daughter. The

intruders demanded money. Mr. Cul-

bertson gave them \$25, all he had in the

house, and a check for \$50.

The robbers had an idea that a large

sum was concealed in the house and

they proceeded to pull off Miss Culber-

son's clothes, and with iron heated at

the stove, they burned and tortured

her in a terrible manner in the hope of

drawing from her the supposed hiding

place of the money. She finally

fainted and the robbers left.

Forty Farmers Organize.

COLUMBUS, Jan. 14.—Forty farmers'

clubs effected a state organization here.

The officers elected are: President,

C. E. Thorn, director of the Ohio ex-

perimental station; vice president, J. T.

Robinson, Seneca county; secretary,

E. E. Elliott, Preble county; directors,

J. J. Hoffman, Sydney; Walter Tib-

bles, Warren county; C. T. Dyer, Ma-

rietta; L. M. Bonham, Oxford; H. S.

Baker, Reedsburg; John Begg, Frank-

lin county. The next meeting will be

held in Columbus the week of the agri-

cultural convention in January.

Hotel Destroyed by Fire.

CLEVELAND, Jan. 14.—The Irving

hotel, the largest building in Chagrin

Falls, a suburb of this city, has been

destroyed by fire. The Irving was built

30 years ago and remodeled a year ago.

The building was owned and managed

by I. W. Pope. The loss is placed at

\$20,000. Negotiations were about com-

pleted by Cleveland investors for the

purchase of the hotel.

Ten Assignments in Two Days.

CINCINNATI, Jan. 14.—Wolf & Co.,

dealers in iron and blacksmith's sup-

plies, on Central avenue have assigned.

The assets are \$40,000, and liabilities

are believed to be a trifle less. There

were no preferences. The cause is the

loss by death of a financial backer.

Four other concerns assigned, all small,

making ten assignments in two days.

Coxey's Men on a Strike.

MASSILLON, O., Jan. 14.—While Gen-

eral Coxey is organizing his new party

at St. Louis, his stonequarriers are

striking and refusing to work, unless

they are paid wages now some weeks

due. The leaders of the strike have

## GLASS ON THE TREATY

Senators Magnifying Olney's

Document For Inspection.

MONROE DOCTRINE ENDANGERED.

Our Traditional Policy Might Be Turned

Down If We Were Compelled to Arbit-

trate It With England—Interference In

Cuba Might Also Be Prevented.

WASHINGTON, Jan. 14.—There has

been more or less discussion concern-

ing the arbitration treaty negotiated by

Secretary Olney and Sir Julian Paun-

ceforte and some speculation as to its rat-

ification. A member of the committee

on foreign relations stated that the sub-

ject was so vast that it was necessary to

give the matter very close considera-

tion. He said that one phase might be

instanted.

At present there might not be any-

thing in view to arbitrate, yet after gen-

eral arbitration had been agreed upon

any number of unknown cases might

be presented by one of the parties and

numerous claims presented which were

unheard of might be brought forward.

These unknown quantities might be

a serious objection to making any defi-

nite agreement.

Senator White (Cal.) says that he

would support the treaty, if at all, be-

cause it was for a short period and was

largely experimental. It might be that

the experiment would prove successful,

but he feared that in every contention

that would arise some new principle

might arise which it might not be good

policy to submit to the tribunal pro-

posed in the treaty. He said some

questions relating to the Monroe doc-

trine might arise and that question the

United States would not care to sub-

mit to arbitration. Another case in-

stanced by a senator who has given the

subject some thought was Cuba. Under

certain conditions, the United States

might desire to take action regarding

the island, and assert the Monroe doc-

trine. The European powers, Great

Britain included, might dispute the

right of the United States under Mon-

roe or any other doctrine to interfere

and the matter, so far as Great Britain

was concerned, must go to arbitration.

Reference was also made to the

Monroe doctrine resolutions now pend-

ing in the senate, in which the declara-

tion was made that the United States

reserved the right to decide when the

doctrine applied.

The discussion indicated that the

treaty would require long consideration

and the opinion was expressed that it

might be ratified through influence of

the peace societies and kindred orga-

nizations who felt that such a treaty

might prevent war in the future.

FRANCIS WILL BE CONFIRMED.

However Senator Vest and Others Will

Vote Against Him.

WASHINGTON, Jan. 14.—The senate

in executive session had up for a time

the nomination of David R. Francis to

be secretary of the interior, but no

action was taken. Senator Vest (Mo.)

was the principal opponent of confirma-

tion, but he was also seconded by Sena-

tor Pugh (Ala.). Both of these sena-

tors made speeches against the confir-

mation and alleged various reasons

against it. Among others the conduct

of Secretary Francis during the cam-

paign. Senator Vest referred to the

letter which Secretary Francis wrote

supporting the Indianapolis ticket and

opposing the regular Democratic ticket

nominated at Chicago.

Several senators announced their in-

tention of voting for the confirmation

of Secretary Francis and the prospects

of his confirmation are good, in fact it

is stated that only a few votes will be

cast in opposition.

Senator White (Cal.) said that while

he did not approve of the course of

NEW MOVE BY ARBUCKLES.

A Receiver Asked For the Woolson Com-

pany at Toledo.

TOLEDO, Jan. 14.—The Arbuckles

have applied for a receiver for the

Woolson company's plant. They also

ask that the company be enjoined from

registering the sale of 1,739 shares of

stock and that the company be further

restrained from selling coffee at the

present price. The Arbuckles also ask

that the present directors be restrained

from acting as directors until the mat-

ter is determined by the courts. The

motion for a receiver will be argued to-

morrow.

In their petition the minority (Ar-

buckle) stockholders make the remark-

able statement that finding the coffee

business to be making little or no profit,

they decided to enter into the business

of refining sugar, and that for such

## WEYLER IS A FAILURE.

Spain's Friends Are Demanding His Recall.

REBELS STRONGER THAN EVER.

They are Carrying the Torch to the Very Gates of Havana—Spaniards Murdering the Helpless—Official Rottenness Evident—Gomez on the March.

HAVANA, Jan. 14.—Captain General Weyler is in danger of recall, nobody here for a moment doubts, in spite of the many official and semi-official denials from Madrid, for it is remembered that the same course was followed by the government in the case of the recall of the Marshal Martinez de Campos. Weyler cannot truthfully be said to have achieved a single success, diplomatic, administrative, military or otherwise.

There are probably more insurgents, better armed and supplied, in Pinar del Rio at the present moment than at any time since the insurrection broke out. General Weyler once openly remarked that the western part of that province alone contained 7,000 armed men and that large additional "hands" of insurgents were hovering about his troops. The Spanish commander sent 50,000 men against the little insurgent army and the latter, acting with admirable strategy seemed to disappear and the best efforts of the Spanish generals have failed to discover their whereabouts.

Gomez is pushing onward from the east with all the men he can muster, while at the same time protecting his retreat. The insurgent bands are, in the meanwhile, carrying the torch to the very gates of Havana. The frames of burning property can be seen from the captain general's palace, the sound of firearms has frequently been heard of late in the suburbs, and, except to hold the cities, the Spaniards are absolutely powerless, though they have burned every roof capable of sheltering a wounded insurgent, destroying everything likely to give them food and in every way trying to crush the struggle for freedom, not in an open conflict in the field, but by adopting the very anarchist tactics they taunt the Cubans with employing, including the burning of the insurgent hospitals and the slaughtering of the helpless sufferers, according to all reports.

The civil governor is known to be using his influence with the commercial bodies here to bring about Weyler's recall, and protests against the captain general's conduct have been sent to Madrid recently in great numbers. The movement against Weyler has its root in the most influential circles here, the very quarters where Spain counts her staunchest supporters, and therefore, it is not believed possible that the government can much longer ignore them.

The air is full of rumors of rotten contracts, of soldiers suffering from lack of food, medicine and ammunition, which, on the other hand, issued by some means or other, have fallen into the hands of the insurgents or to have entirely failed to materialize. Even the army contractors have turned against the captain general.

The rumor that Maximilian Gomez was contemplating surrendering to the Spanish authorities has been traced to Spanish official sources as usual and is pronounced by friends of the Cubans, who are always well informed, to be utterly false. They add that as long as General Weyler is in Cuba no proposition looking to a peaceful settlement of the Cuban question will be accepted by the insurgent leaders, although it is known that a strong party of the insurgents now under arms is in favor of accepting a fair home rule proposition as soon as the details can be determined upon.

The "war party," however, prevails against the "peace party," the former being strengthened, it is said, by assurances received from the New York junta that if the Spaniards do not succeed in crushing the rebellion or in bringing about a peaceful settlement of the questions at issue before next autumn the United States will interfere and bring about the establishment of a republic of Cuba.

The advent of Gomez into the western part of Cuba is liable to be the straw which will turn the tide in favor of Weyler's recall, which is only held back because the Spanish ministry doesn't like to be placed in the position of giving way in this matter to the condemnation which the captain general and his methods have met with in the American newspapers.

## AN ARBITRARY POWER.

Senator Bacon Says Presidential Recognition of Governments Would Be.

WASHINGTON, Jan. 14.—Mr. Bacon (Dem., Ga.), in his speech in the senate in support of the Mills resolution for the recognition of Cuban independence, directed his argument to the question of the exclusive right of congress to recognize new governments.

Mr. Bacon held that the law-making power was the most complete representative of a country's sovereignty, and that, as recognition was a sovereign act, it properly belonged to the law-making branch. The views of Secretary Seward, upholding this principle, was cited. The only exclusive sovereign power of the president was in granting pardons. The recognition of foreign governments heretofore given by the president had become effective, Mr. Bacon said, through the silent acquiescence of the law-making power.

Mr. Bacon declared that the logical result of this claim of exclusive power in the president was to make him greater in arbitrary power than any monarch on earth.

In the most public manner, Mr. Bacon said, the secretary of state had defied the power of congress, and had announced to the world that if congress adopted the Cuban resolution it would be vetoed by the president. It was practically an announcement to congress that its resolution if acted upon, would be thrown back in its face. Never before was such a defiance of congress presented, and if it was to stand without protest there would be at least one conspicuous precedent for the assertion of exclusive executive power.

## CUBAN POSTAGE STAMPS.

An Evidence That the Republic Has a Postal System.

NEW YORK, Jan. 14.—Two letters from Cuba have been received at the junta offices in this city. One bore the postmark of Los Vilas and the other that of the Carmaguey postoffice. Each had the postage stamp of the Cuban republic affixed to the envelope. The post from which these were sent here was, of course, not made public.

The junta representatives were much pleased at receiving the communications and said that Secretary Olney's contention that they have no regular postoffice system is refuted by the arrival of the letters and their prompt delivery by Uncle Sam's carriers.

## SPAIN WILL MAKE TERMS.

An Official Incognito on His Way to the United States.

LONDON, Jan. 14.—The Paris dispatch to The Daily News says: A high government official has left Madrid under a strict incognito for Washington as a private negotiator, with full instructions from Senor Canovas, the premier and the Duke of Tetuan, minister of foreign affairs.

The settlement will be based on reforms in Cuba, and a treaty of commerce with the United States, opening the Cuban market to foreign competition except as regards cotton prints, and one or two other articles. Senor Canovas is evidently seeking a settlement before the opening of the cortes.

## SYMPATHY ROLL FOR CUBA.

A Petition of 600,000 Names to Be Presented to the Senate.

NEW YORK, Jan. 14.—When the resolution calling for the recognition of the independence of Cuba is before the senate and its passage is being urged, a delegation of men from New York, headed by Franz Mayor, president of the American Friends of Cuba, will present a monster petition in favor of the resolution.

Sixty thousand petitions were sent out, nearly all of which have been returned with more than 600,000 signatures. Among the signatures may be found those of nearly all the members of the legislatures of nearly every state in the union. The petition has also been signed by the board of aldermen of this city.

The petitions will be wound on a roller or wheel, which has been made for the purpose, so that it may be readily drawn out and the names counted. It is designed like the pilot wheel of a ship. It stands about four feet high and is surmounted with gold.

## Wheat Crop in Australia.

WASHINGTON, Jan. 14.—The wheat crop in Australia for the coming harvest is short, so says United States Consul Bell at Sydney in a report to the state department.

NEW YORK, Jan. 14.—The sheriff has taken charge of the stock of Henry Rogers, dealer in millinery goods and novelties under three executions for \$27,154 in favor of Hugh O'Neill.

BOSTON, Jan. 14.—The Baltimore and Norfolk line steamer Howard has returned under the flag half mast on account of the suicide of Captain John E. Taylor of the steamer.

## WEYLER IS A FAILURE.

Spain's Friends Are Demanding His Recall.

REBELS STRONGER THAN EVER.

They Are Carrying the Torch to the Very Gates of Havana—Spaniards Murdering the Helpless—Official Rottenness Evident—Gomez on the March.

HAVANA, Jan. 14.—Captain General Weyler is in danger of recall, nobody here for a moment doubts, in spite of the many official and semi-official denials from Madrid, for it is remembered that the same course was followed by the government in the case of the recall of the Marshal Martinez de Campos. Weyler cannot truthfully be said to have achieved a single success, diplomatic, administrative, military or otherwise.

There are probably more insurgents, better armed and supplied, in Pinar del Rio at the present moment than at any time since the insurrection broke out. General Weyler once openly remarked that the western part of that province alone contained 7,000 armed men and that large additional "bands" of insurgents were hovering about his trocha. The Spanish commander sent 50,000 men against the little insurgent army and the latter, acting with admirable strategy, seemed to disappear and the best efforts of the Spanish generals have failed to discover their whereabouts.

Gomez is pushing onward from the east with all the men he can muster, while at the same time protecting his retreat. The insurgent bands are, in the meanwhile, carrying the torch to the very gates of Havana. The frames of burning property can be seen from the captain general's palace, the sound of firearms has frequently been heard of late in the suburbs, and, except to hold the cities, the Spaniards are absolutely powerless, though they have burned every roof capable of sheltering a wounded insurgent, destroying everything likely to give them food and in every way trying to crush the struggle for freedom, not in an open conflict in the field, but by adopting the very anarchist tactics they taunt the Cubans with employing, including the burning of the insurgent hospitals and the slaughtering of the helpless sufferers, according to all reports.

The civil governor is known to be using his influence with the commercial bodies here to bring about Weyler's recall, and protests against the captain general's conduct have been sent to Madrid recently in great numbers. The movement against Weyler has its root in the most influential circles here, the very quarters where Spain counts her staunchest supporters, and therefore, it is not believed possible that the government can much longer ignore them.

The air is full of rumors of rotten contracts, of soldiers suffering from lack of food, medicine and ammunition, which, on the other hand, issued by some means or other, have fallen into the hands of the insurgents or to have entirely failed to materialize. Even the army contractors have turned against the captain general.

The rumor that Maximino Gomez was contemplating surrendering to the Spanish authorities has been traced to Spanish official sources as usual and is pronounced by friends of the Cubans, who are always well informed, to be utterly false. They add that as long as General Weyler is in Cuba no proposition looking to a peaceful settlement of the Cuban question will be accepted by the insurgent leaders, although it is known that a strong party of the insurgents now under arms is in favor of accepting a far more rule proposition as soon as the details can be determined upon.

The "war party," however, prevails against the "peace party," the former being strengthened, it is said, by assurances received from the New York junta that if the Spaniards do not succeed in crushing the rebellion or in bringing about a peaceful settlement of the questions at issue before next autumn the United States will interfere and bring about the establishment of a republic of Cuba.

The advent of Gomez into the western part of Cuba is liable to be the straw which will turn the tide in favor of Weyler's recall, which is only held back because the Spanish ministry doesn't like to be placed in the position of giving way in this matter to the condemnation which the captain general and his methods have met with in the American newspapers.

### AN ARBITRARY POWER.

Senator Bacon Says Presidential Recognition of Governments Would Be.

WASHINGTON, Jan. 14.—Mr. Bacon (Dem., Ga.), in his speech in the senate in support of the Mills resolution for the recognition of Cuban independence, directed his argument to the question of the exclusive right of congress to recognize new governments.

Mr. Bacon held that the law-making power was the most complete representative of a country's sovereignty, and that, as recognition was a sovereign act, it properly belonged to the law-making branch. The views of Secretary Seward, upholding this principle, was cited. The only exclusive sovereign power of the president was in granting pardons. The recognition of foreign governments heretofore given by the president had become effective, Mr. Bacon said, through the silent acquiescence of the law-making power.

Mr. Bacon declared that the logical result of this claim of exclusive power in the president was to make him greater in arbitrary power than any monarch on earth.

In the most public manner, Mr. Bacon said, the secretary of state had defied the power of congress, and had announced to the world that if congress adopted the Cuban resolution it would be vetoed by the president. It was practically an announcement to congress that its resolution, if acted upon, would be thrown back in its face. Never before was such a defiance of congress presented, and if it was to stand without protest there would be at least one conspicuous precedent for the assertion of exclusive executive power.

### CUBAN POSTAGE STAMPS.

An Evidence That the Republic Has a Postal System.

NEW YORK, Jan. 14.—Two letters from Cuba have been received at the postmark of this city. One bore the postmark of Los Vilas and the other that of the Carmagney postoffice. Each had the postage stamp of the Cuban republic affixed to the envelope. The post from which these were sent here was, of course, not made public.

The junta representatives were much pleased at receiving the communications and say that Secretary Olney's contention that they have no regular postoffice system is refuted by the arrival of the letters and their prompt delivery by Uncle Sam's carriers.

### SPAIN WILL MAKE TERMS.

An Official Intention on His Way to the United States.

LONDON, Jan. 14.—The Paris dispatch to The Daily News says: A high government official has left Madrid under a strict incognito for Washington as a private negotiator, with full instructions from Senor Canovas, the premier and the Duke of Tetuan, minister of foreign affairs.

The settlement will be based on reforms in Cuba, and a treaty of commerce with the United States, opening the Cuban market to foreign competition except as regards cotton prints, and one or two other articles. Senor Canovas is evidently seeking a settlement before the opening of the cortes.

### SYMPATHY ROLL FOR CUBA.

A Petition of 600,000 Names to Be Presented to the Senate.

Among the signatures may be found those of nearly all the members of the legislatures of nearly every state in the union. The petition has also been signed by the board of aldermen of this city.

The petitions will be wound on a roller or wheel, which has been made for the purpose, so that it may be readily drawn out and the names counted. It is designed like the pilot wheel of a ship. It stands about four feet high and is surmounted with gold.

## WELLSVILLE.

THE STEUBENVILLE EXTENSION.

It Would Take Passenger Traffic From the Railroad.

"If there is truth in this story of the street car line being extended from Steubenville to Wellsville, it will cost the Cleveland and Pittsburgh a pretty penny," said a gentleman well acquainted with railroad business. "The electric line can do more passenger business than the steam road every time, and this instance would be no exception. Railroad men know this to be true, and I would not be surprised, if there is to be an electric line in this valley, to see it operated by the Pennsylvania company."

## TALK THREE MINUTES

Then the Telephone Operator Will Call Time.

A NEW RULE BEING ENFORCED

If You Hold the Line Longer Than the Specified Time It Costs Five Cents a Minute—The Order Applies to the County—Much Complaint.

The local force of the telephone company are enforcing a new order and causing much complaint from people who use the system for the transaction of business with points in the county outside the city limits.

The order says that no line can be held longer than three minutes at the regular rate, but if the person talking desires to continue beyond that time, he must pay at the rate of five cents a minute. The order, according to Manager Gilchrist, was made necessary by many complaints, and now that it has been issued, will be enforced. If no other person wants the line at the end of the three minutes, the person talking can begin another three minutes, but if the line is in demand the rule becomes operative. There was much complaint in the city when the order became known last night, subscribers saying they had signed contracts with the understanding that they had the county without extra charge. As one business man said: "I think we pay enough for our telephones to be given the service for which we contracted."

Is there any reason for doing a great and vital fact simply because a few prejudiced, misguided people have constituted ideas of what constitutes morality and modesty? Reason and honesty say—certainly not. Men and women are attracted to each other because they are men and women and because it is right and necessary that they should be so attracted. The things that make a man attractive are the characteristics of his inherent manliness—by the strength which makes him a perfect man. The same is true of women. There is strong attractiveness in perfect health. There is fascination and magnetism in it. A woman cannot be entirely womanly—she cannot be a perfect woman—if she is not in perfect health. It is just so much as her sickness affects the organs that make her a woman. It is the vital part of her health. If anything is wrong there, it may result in all manner of ills all over the body. The symptoms of this kind of disorder are separate and distinct ailments. The symptoms are many and varied, so much so that when a woman is sick in any way, a thought should be given to the organs distinctly feminine. About 9 times in 10 the cause of the trouble will be found there. Dr. Pierce's Favorite Prescription cures all disorders of this kind. There is no gun it work about it. There has been demonstrated in 30 solid years of extensive practice. Thousands of women have written grateful letters, who have wished the whole world of women to know the wonderful things the "Prescription" has done for them.

A THIRD STREET INCIDENT.

Some Items of Interest Furnished Our Representative by a Well-Known Lady.

Items pertaining to the domestic life of people we don't know, who live in foreign parts, are as a rule dry and uninteresting to our readers. It is only when such items touch upon some matter or individual of which the reader has some knowledge that attention is centered upon a person, and in the present instance a person of what follows will be found not only interesting, but valuable. Remember always, keep it in mind, don't lose sight of the fact that one line of local evidence about any article is worth a column of foreign testimony. Read what this resident says about Doan's Kidney Pills. Mrs. Wm. James, who lives at 283 Third street, says: "I have been troubled off and on for the past eight years with a weakness of the back and kidneys, a dull aching pain across my loins, and under my shoulder blades, and rheumatic pain in my right shoulder. I was very susceptible to changes in the weather, and was so bad at times that I could scarcely stand and support my own weight. The trouble affected my nervous system, causing frequent fluttering of the heart and a shortness of breath. I have generally resorted to porous plasters, but the relief was only temporary. I got a box of Doan's Kidney Pills at the W. & W. Pharmacy, and got relief almost at once. The symptoms all left, and I have not felt any since. I feel much better and stronger generally."

Doan's Kidney Pills are for sale by all dealers. Price 50 cents per box, six boxes for \$2.50. By mail on receipt of price by Foster-Milburn Co., Buffalo, N. Y., sole agents for United States.

### THE STEUBENVILLE EXTENSION.

It Would Take Passenger Traffic From the  
Railroad.

"If there is truth in this story of the street car line being extended from Steubenville to Wellsville, it will cost the Cleveland and Pittsburgh a pretty penny," said a gentleman well acquainted with railroad business. "The electric line can do more passenger business than the steam road every time, and this instance would be no exception. Railroad men know this to be true, and I would not be surprised, if there is to be an electric line in this valley, to see it operated by the Pennsylvania company."

### INVESTIGATION.

That Is All Some Citizens Can Talk  
About.

There is still talk of investigation in the air, in fact it is often heard when two or three progressive citizens are gathered together. Whether it will amount to anything more than talk is a question which is causing almost as much discussion. One prominent citizen remarked that charges, no matter how vague, always reflected upon the party charged until they were cleared away, and he thought it the duty of council to set right every member of that body by a full and complete investigation.

I tried a number of advertised remedies and also placed myself under treatment of several physicians, with no benefit. I was recommended to try Foley's Honey and Tar. With little expectation of getting relief, I purchased a bottle. I had taken but few doses when I felt greatly improved; I was enabled to sleep, spitting of blood ceased, and by the time I had taken the second bottle I was entirely well. It saved my life."

## TALK THREE MINUTES

Then the Telephone Operator  
Will Call Time.

### A NEW RULE BEING ENFORCED

If You Hold the Line Longer Than the Specified Time It Costs Five Cents a Minute—The Order Applies to the County—Much Complaint.

The local force of the telephone company are enforcing a new order and causing much complaint from people who use the system for the transaction of business with points in the county outside the city limits.

The order says that no line can be held longer than three minutes at the regular rate, but if the person talking desires to continue beyond that time, he must pay at the rate of five cents a minute. The order, according to Manager Gilchrist, was made necessary by many complaints, and now that it has been issued, will be enforced. If no other person wants the line at the end of the three minutes, the person talking can begin another three minutes, but if the line is in demand the rule becomes operative. There was much complaint in the city when the order became known last night, subscribers saying they had signed contracts with the understanding that they had the county without extra charge. As one business man said: "I think we pay enough for our telephones to be given the service for which we contracted."

Is there any reason for dodging and ignoring a great and vital fact simply because a few prejudiced, misguided people have constituted ideas of what constitutes morality and modesty? Reason and honesty say—certainly not. Men and women are attracted to each other because they are men and women and because it is right and necessary that they should be so attracted. The things that make a man attractive are the characteristics caused by his inherent manliness—by the strength which makes him a perfect man. There is strong attractiveness in perfect health. There is fascination and magnetism in it. A woman cannot be entirely womanly—she cannot be a perfect woman—if she is not in perfect health. In just so much as her sickness affects the organs that make her a woman, in just so much she loses attractiveness. This is the vital part of her health. If anything is wrong there, it may result in less or too busy, physicians frequently treat the symptoms of this kind of disorder as separate and distinct ailments. The symptoms are many and varied, so much so that a woman is sick in any way, the first thought should be given to the organs distinctly feminine. About 9 times in 10 the cause of the trouble will be found in the disorders of this kind. There is no guesswork about it. There is no chance about it. It is a fact that has been demonstrated in 3500 years of extensive practice. Thousands of women have wished the whole world of women to know the wonderful things the "Prescription" has done for them.

### A THIRD STREET INCIDENT.

Some Items of Interest Furnished  
Our Representative by a Well-  
Known Lady.

Items pertaining to the domestic life of people we don't know, who live in foreign parts, are as a rule dry and uninteresting to our readers. It is only when such items touch upon some matter or individual of which the reader has some knowledge that attention is centered upon them, and in the present instance a perusal of what follows will be found not only interesting, but valuable. Remember always, keep it in mind, don't lose sight of the fact that one line of local evidence about any article is worth a column of foreign testimony. Read what this resident says about Doan's Kidney Pills. Mrs. Wm. James, who lives at 253 Third street, says: "I have been troubled off and on for the past eight years with a weakness of the back and kidneys, a dull aching pain across my loins, up under my shoulder blades, and rheumatic pain in my right shoulder. I was very susceptible to changes in the weather, and was so bad at times that I could scarcely stand and support my own weight. The trouble affected my nervous system, causing frequent fluttering of the heart and a shortness of breath. I have generally resorted to porous plasters, but the relief was only temporary. I got a box of Doan's Kidney Pills at the W. & W. Pharmacy, and got relief almost at once. The symptoms all left, and I have not felt any since. I feel much better and stronger generally.
